

Fresh Fruit and Dish Washing Policy

When we are washing **fresh fruit**, we will use the following steps:

- Put fruit that is to be washed in a colander
- Place colander over a large stock pot
- Rinse fruit with water
- Wash pot according to dish washing policy

When we are washing **dishes**, we will use the following steps:

- Wash the dish in hot soapy water
- Rinse the dish with hot clean water
- Place dish in a large bin filled with a water and bleach solution
- Soak in solution for 1 minute
- Remove from solution and let dishes air dry in dish the rack

These steps will be followed every time we wash fruit or dishes.
